The Calverton Business Incubator

UNDERSTANDING FOOD LABELING REGULATIONS

Everything you need to know about food labeling rules & regulations

Jason Fascolo, Esq. of the Food Law Firm in Sag Harbor, NY

Jason Fascolo, Esq. of the Food Law Firm

Jason served five years as a Judge Advocate in the United States Marine Corps. His time abroad gave him new insight and appreciation for the many different ways food can be produced, prepared, and enjoyed. After separating honorably from active duty in 2010, Jason pursued his passion for all-things edible by attending the University of Arkansas School of Law LL.M. Program in Agricultural and Food Law, the only program of its kind in the United States.

Workshop Topics:

- Mandatory Label Elements & Labeling Requirements
- Food Labeling Laws and Regulations
- Health and Nutrient Content Claims
- Weight & Measurement Information Requirements
- Special Labeling Issues Such as Exemptions
- Current Topics on Food Labeling and Nutrition
